"FITNESS FOR FUN, FITNESS FOR LIFE"

St. Clair Shores

Spring 2010 Class Schedule

Tae Bo Cardio and Strength Training Camp:

Two classes in one! Every class is different. Burn fat with a cardio segment consisting of aerobics, tae bo kickboxing and various other skills. Sculpt and tone your way to a lean body using free weights. Finish out the workout with an awesome ab and glute toning section which will aid you in achieving those six-pack abs! Great class for all fitness levels. Please bring hand-held weights and exercise mat to class. Teens are always welcomed!

Location: PRINCETON
Day: Tues/Thurs. - **Stacie**

General aerobics class is over. F.I.T. Challenge is mental and physical training. Expect it to be rigorous and demanding. It's hard work. Then again, anything worth something usually is. You'll emerge in top physical condition astounded by what you've accomplished so far and ready for the biggest adventure of your life: your first tour of duty.

We apply our system and train the body the way it was designed to perform and function in real life.

This program takes the best of everything and throws out the stuff that doesn't work resulting in the F.I.T. Challenge. F.I.T. Challenge is a strength and condition program designed for everyone from the elite athlete to a beginner who hasn't worked out in years. F.I.T. Challenge delivers fitness that is, by design, broad, general, and inclusive. Our specialty is not specializing. The principals of F.I.T. Challenge are monostructural (or cardio), gymnastics basics, and weight training. In a F.I.T. Challenge workout you will see one of those principals, a combination of any two, or all three. Classes are started with a 10-15 minute dynamic warm-up where we do some exercises to get the heart rate up that coordinate to the workout, some skill work, and some dynamic stretching. We then go over form in the movements that will be used that day. We are very strict on form, good form is essential in optimal performance and injury prevention. The workouts are short duration and high in intensity. Exercises are periodically timed so you will know when you're intensity is increased or just being lazy.
